I removed the "Community Outreach" bullet in the Ongoing Work section since most of our community work is focused on schools and they are out for the summer. I added a bullet about interpreting ORD monitoring data to the Future Work section.

Hi – Here are my edits to the Uinta Basin summary. Please let me know by 10 am tomorrow morning, if you all have any more edits.

I will let Cindy Beeler know that we will get this to her by 11 am tomorrow morning.
Thanks Dee for making the major edits.

Carl – just a reminder that this is just background for Shawn. Not anything specific we expect him to talk about.

Hi everyone,

Well, I took a quick stab at the overall document and reformatting it to flow from the air strategic plan. Monica, I highlighted one area I need you to fill in/edit on EI. Feel free to edit, add, delete etc. as needed throughout the document. Jody may also have some items to add, that I did not capture.

Thanks,

Dec
